MEMORANDUM FOR: Mr. Maynard C. Anderson
Director, Security Plans and Programs
Office of the Deputy Undersecretary of
Defense for Policy

FROM:
Director of Security

SUBJECT: DCI Security Committee Long-Range Plan

REFERENCE: Your 24 February 1984 Note, same
general subject

1. I have personally reviewed the minutes of the 1 February and 22 February meetings of the DCI Security Committee Long-Range Plan Working Group and the status report provided to the SECOM membership by the Chairman, SECOM, at the Committee's meeting on 11 April 1984. The Central Intelligence Agency shares your belief that the DCI Security Committee can do more to realize its quite significant potential as a catalyst for action within the Intelligence Community.

2. Overall, we believe that SECOM is on the right track. The Chairman's report reflects well-developed goals, but suggests that additional effort, staffing and funding are needed in areas of common concern. The Directors of Security of the Intelligence Community agencies should jointly assess their current dealings and arrive at an agenda for how best to achieve common goals which they cannot attain on their own. Following such deliberations, SECOM can be charged to monitor the achievement of those goals for the Community. From our perspective, pursuit of the following initiatives by SECOM appears appropriate:

- ° Place additional emphasis on security awareness activities. All media should be reviewed and a Community data base of security education materials developed.

- ° Operate a Community-wide Leak Data Base, performing expanded patterns and trends analyses.
- ° Serve as the Intelligence Community "clearing house" on computer security issues of common concern. (The Technical Security Countermeasures Subcommittee of SECOM, with its well-developed data sharing mechanisms, serves as an excellent example of how such cooperation and sharing could be achieved.)
- ° Operate a Magnetic Media Destruction Center on behalf of U.S. Government agencies.
- ° Aggressively pursue adequate funding to SECOM for the performance of services of common concern to the Intelligence Community, thus promoting SECOM to proper Community preeminence.

3. I will be pleased to discuss with you at your convenience these and other initiatives which the SECOM Long-Range Plan Working Group may suggest. Please feel free to contact me on secure line

Memo for

Director of Security
Central Intelligence Agency

Bill:

Enclosed are draft minutes of our meeting
of 22 February which you could not attend.
We missed you but understand that the
Congress has a greater attraction.

Please comment and return. I'll be
away from 2-10 March but Catherine
will hold for me until I return.

Maynard Anderson
